Nigerian

PROFILE

Versatile Web and AI Integration Developer with hands on experience building responsive web applications, AI powered tools and DeFi platforms. Skilled in HTML, CSS, JavaScript and Python, with a strong focus on clean, intuitive user interfaces and scalable web systems. Experienced in integrating AI APIs, testing applications, debugging issues and deploying production ready solutions. Comfortable working independently on remote projects while also collaborating effectively within a team environment.

EXPERIENCE

Freelance Web Developer & Graphic Designer
2023 - Present

Benin City, Nigeria

- Designed and developed live web applications spanning AI tools, DeFi, e-commerce and media streaming
- Built ScoreMyCV, an AI resume analyzer using Claude API with ATS scoring and keyword analysis
- Created full stack clones of YouTube and Netflix with live API data, infinite scroll and trailer modals
- Delivered brand identities, packaging designs and UI components for freelance clients
- Deployed all projects to production on Vercel, Netlify and Railway

Electronics Engineer Intern
Apr – Sep 2021

ISTH Ekpoma, Nigeria

- Inspected and maintained electronic systems ensuring compliance with safety standards
- Assisted senior engineers in equipment calibration and technical reporting

Solar Engineer - Gennuim Technology
2023

Benin City, Nigeria

- Installed and maintained solar electrical systems and power infrastructure
- Reduced reliance on traditional energy sources for residential and commercial clients
